Arlu® (Argenta®)

Magnotica Pro E & SE

Discover the Magnotica Pro E & SE®:
The ultimate magnetic, contactless door closer

The Magnotica Pro E & SE® are magnetic and contactless door catches that keeps interior doors in a closed position without the need for a door handle or lock.

Because there are no moving parts, a door can be closed and opened completely silently. The Magnotica Pro E & SE® are ideal in combination with all Argenta® pivoting hinges and the Argenta invisidoor® door frames. The contactless door closer can be used both vertically (reveal of the door leaf) and horizontally (top of the door leaf) on any type of door frame.

Benefits

- No moving parts to wear out
- Silent mechanism due to no friction
- Door can be opened and closed noiselessly without a door handle or latch
- Doors are quick and easy to open and close
- Ideal for doors to walk-in closets or storerooms
- Perfect for keeping pivoting doors in their closed position
- Thanks to the extra cover plate in zamac the screws are concealed
- Available in white, black or matte chrome
